Subject: Bangladesh's Application for the Status of Cooperating Non-Contracting Party of Indian Ocean Tuna Commission (IOTC)

Reference : IOTC Reference: 5409; Dated: 02 July 2014

With reference to your response to the Bangladesh's Application for the Status of Cooperating Non-Contracting Party of Indian Ocean Tuna Commission (IOTC) requesting information under the IOTC resolution 03/02 on *Criteria for Attaining the Status of Cooperating Non-contracting Party(CNCP)* we are pleased to furnish following required information for your kind perusal.

- a) Data on historical fisheries in Bangladesh EEZ including nominal catches, number/type of vessels, name of fishing vessels, fishing effort and fishing areas : **Annexure-1, 2 & 3**
- b) All the data the Contracting Parties have to submit to the IOTC based on the Resolutions adopted by IOTC: **Annexure -4**
- c) Details on current fishing presence in the IOTC Area, number of vessels and vessel characteristics; (Not applicable)
- d) Information on any research programmes it may have conducted in the IOTC area of competence and the information and results of that research – we have no research programme on tuna

Furthermore we reiterate our commitment:

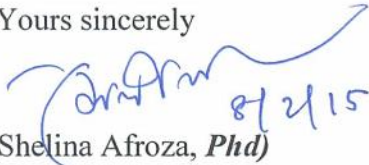

- a) To respect the Commission's Conservation and Management Measures.
- b) To inform IOTC of the measures it takes to ensure compliance by its vessel of IOTC Conservation and Management Measures.

We will take effort to present and participate in the Compliance Committee and /or Commission meetings to be held in next April 2015, to submit our candidature for CNCP and respond to any queries/question from Commission. Finally with rising demand of emerging population for quality nutrition and compete in export market of fish and fishery products, it is imperative that we seek new avenues for development in the Marine Fisheries Sector. Observing the trend of fisheries in our fisheries waters and also in the neighboring countries, there seems to be prospects for developing a Tuna Fishery in Bangladesh.

Bangladesh would be greatly honored to be a partner in the Indian Ocean Tuna Commission (IOTC) as a Co-operating non-Contracting Party in accordance with the Resolution 03/02 of IOTC. Given the importance of information required in the management and conservation of tuna and tuna like fishes, this endorsement will bring tremendous benefit to Bangladesh in developing and sustaining a healthy tuna fishery. Experience and information sharing with your esteemed organization will strengthen the pioneering long line tuna fishery initiative of our Government.

I would appreciate if you could kindly endorse our application considering Bangladesh as CNCP of the IOTC.

Yours sincerely

(Shelina Afroza, *Phd*)

Secretary.

Resolution 13/02 Concerning the Establishment of an IOTC Record of Vessels Authorized to operate in the IOTC Area

Updating the list of authorised vessels over 24m LOA

Reporting deadlines: 1st July 2003 (with prompt notification)
