## HIGHLIGHTS

### AMR is here and now: United to strengthen food systems and secure livelihoods

In coordination with WHO and OIE, FAO engages in [World Antimicrobial Awareness Week 2020](#) to raise awareness about the need to use antimicrobials more responsibly.

## COVID-19 POLICY BRIEFS AND RESOURCES

### Impacts of COVID-19 on wood value chains and forest sector response – Results from a global survey 2020

(12 pp.)

DOI: <https://doi.org/10.4060/cb1987en>

### Uso de la Escala de Experiencia de Inseguridad Alimentaria para monitorear el impacto del COVID-19

(8 pp. Also available in English)

DOI: <https://doi.org/10.4060/ca9205es>

### Jordan food security update – Implications of COVID-19, May – June 2020

(Washington, D.C., 24 pp.) WB, FAO, IFAD & WFP

### Protecting agricultural workers through remote COVID-19 awareness campaigns in Pakistan – Using digital media and distanced messaging to promote virus mitigation and combat misinformation

(8 pp.)

DOI: <https://doi.org/10.4060/cb0514en>

## NEWSLETTERS

**FAO Europe and Central Asia gender newsletter November 2020 – Issue No.1**  
(Budapest, 4 pp.)

**FAO Namibia newsletter 2nd semester 2020 – Issue No.2**  
(Windhoek, 8 pp.)

**Fall armyworm control in action newsletter October 2020 – Issue No.1**  
(2 pp.)

**FPMA bulletin 10 November 2020 – Issue No.9**  
(20 pp.)

## BROCHURES

**Achieving SDG indicator 5.a.2 in the Western Balkans and beyond – Partnerships for gender equality in land ownership and control**  
(16 pp., Bosnian. Also available in Albanian, English, Macedonian, Montenegrin and Serbian)

**AGROVOC – The linked data concept hub for food and agriculture**  
(4 pp., Hungarian. Also available in Arabic, Afghan, Byelorussian, Catalan, Czech, Chinese, English, French, German, Georgian, Italian, Portuguese, Russian, Serbian, Slovak, Spanish, Turkish and Ukrainian)

**Antibiotics in livestock**  
(2 pp., Bosnian. Also available in Albanian, Armenian, Azerbaijani, English, Georgian, Kazakh, Kyrgyz, Macedonian, Mongolian, Romanian, Russian, Serbian, Turkish and Ukrainian)

**Case study: Bangladesh. An integrated national forest monitoring system for sustainable forest management and conservation in Bangladesh**  
(Dhaka, 2 pp.)

**2019 FAO Mozambique – Annual report**  
(Maputo, 32 pp.)

**FAO-Turkey Partnership Programme on Food and Agriculture (FTPP II): Reduction of food loss and waste in Central Asia, Azerbaijan and Turkey**  
(8 pp.)

**Livestock and environment statistics: manure and greenhouse gas emissions – Global, regional and country trends, 1990–2018**

(12 pp.) FAOSTAT analytical briefs

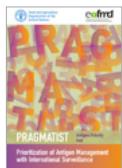

**Making extension and advisory services demand-driven**

(4 pp.)

**Multi-criteria decision analysis for selection of vulnerable districts: Transforming Indus Basin with climate resilient agriculture and water management**

(Islamabad, 28 pp.)

**PRAGMATIST – Antigen Priority tool – Prioritization of antigen management with international surveillance**

(2 pp.)

**S'unir dans le secteur de la pêche – Promouvoir la sécurité, le travail décent et la lutte contre la pêche illégale, non déclarée et non réglementée (INDNR) – Résultats du séminaire technique régional du Golfe du Guinée, Accra, Ghana, 8–11 octobre 2019**

(8 pp. Also available in English)

## BOOKS

### AGRICULTURE

**Developing capacities for agricultural innovation systems – Lessons from implementing a common framework in eight countries**

This document presents a transversal analysis of the application of the Tropical Agriculture Framework across eight pilot countries. The findings indicate that the level and progress of implementation depend on the country's resource allocation and innovation capacity.

(116 pp.) Agrinatura & FAO

**Guidelines on the measurement of harvest and post-harvest losses – Estimating harvest and post-harvest losses in Zambia. Meat and milk.**

This technical report provides findings and lessons learned from a field test conducted in specific districts in Zambia using a sampling methodology for estimation of harvest and post-harvest losses of animal products.

(32 pp.)

### ANIMAL PRODUCTION AND HEALTH

**Introduction and spread of lumpy skin disease in South, East and Southeast Asia – Qualitative risk assessment and management**

This document discusses the control and prevention of lumpy skin disease, including vaccination of susceptible herds with more than 80 percent coverage; movement control and quarantine of cattle and buffalo; and slaughter campaigns to prevent spread.

(64 pp.) FAO animal production and health papers

DOI: <https://doi.org/10.4060/cb1892en>

**Questions and answers handbook for good management practices and biosecurity in small- and medium-scale meat ducks/muscovy ducks farming**

A Q&A handbook that informs users about the technical issues encountered in animal husbandry and disease prevention in ducks for commercial meat production.

(Hanoi, 128 pp., Vietnamese)

### CLIMATE CHANGE

**Addressing forestry and agroforestry in National Adaptation Plans – Supplementary guidelines**

The document provides technical guidance for integrating forestry and agroforestry in the formulation and implementation of National Adaptation Plans. It emphasizes the alignment of policy and engagement with vulnerable groups in decision-making.

(132 pp.) FAO & FTA

DOI: <https://doi.org/10.4060/cb1203en>

### ECONOMIC AND SOCIAL DEVELOPMENT

**Catalysing young agri-entrepreneurs' investments and ensuring their sustainability – Strategic planning tool**

This toolkit aims to increase young agri-entrepreneurs' investments and make them more sustainable. It consists of four steps: identify priority actions, analyse current context, establish a common vision, and develop practical solutions.

(84 pp. Also available in French) FAO & HAFI

DOI: <https://doi.org/10.4060/cb1367en>

**OECD-FAO guidance for responsible agricultural supply chains**

The guidance supports enterprises in observing existing standards of responsible business conduct along agricultural supply chains through a model enterprise policy and a framework for risk-based due diligence. A guide for engaging with indigenous peoples is also presented.

(Paris, 112 pp. Also available in English and French) OECD & FAO

## FISHERIES AND AQUACULTURE

### Implementing the Convention on International Trade in Endangered Species of Wild Fauna and Flora (CITES) through national fisheries legal frameworks – A study and a guide

This publication distinguishes between CITES-specific and CITES-related legislation, identifies preliminary considerations in the amendment of fisheries legislation, and offers guidance on reinforcing the government's commitment and clarifying the geographical scope of legal application.

(148 pp.) FAO legal guide

DOI: <https://doi.org/10.4060/cb1906en>

## RECENT RELEASES FROM OTHER UN AGENCIES AND IGOs

### UNITED NATIONS DEVELOPMENT PROGRAMME – UNDP

#### Women, peace and human security: A guidance note on parliamentary engagement during and post-COVID-19

The guidance note examines how parliaments can promote a WPS-aligned pandemic response and recovery and, in the long term, exercise stewardship over a collective vision for inclusive human security.

(New York, 12 pp.)

### WORLD METEOROLOGICAL ORGANIZATION – WMO

#### United in science: A multi-organization high-level compilation of the latest climate science information

This report has been compiled under the direction of the United Nations Secretary-General to bring together the latest climate science updates from a group of key global partner organizations, including the Global Carbon Project (GCP), UNESCO and UNEP.

(Geneva, 28 pp.)
