Fifth Meeting of the Part 6 Working Group¹

Busan, Republic of Korea, 23 October

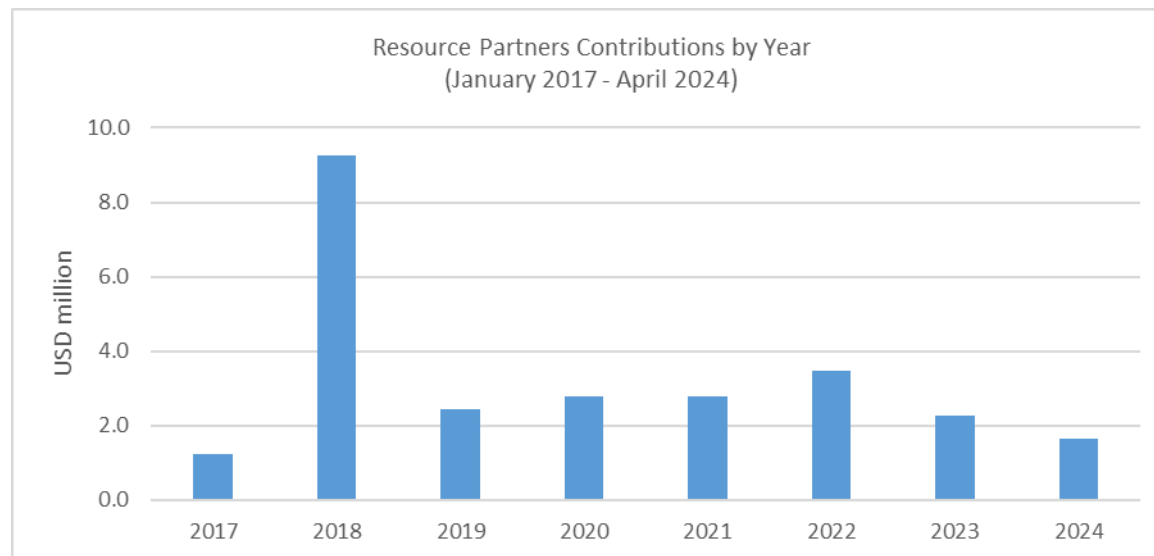

STATUS OF FUNDING MECHANISMS IN SUPPORT OF THE REQUIREMENTS OF DEVELOPING STATES

1. The Part 6 Working Group was established by the Parties pursuant to Article 21 (6) of the Agreement on Port State Measures and it is mandated with reporting and making recommendations to the Parties on the priorities for the use of the funding mechanisms supporting the needs of developing States Parties.
2. The Terms of Reference for the funding mechanisms were adopted at the Second Meeting of the Parties (Santiago, Chile, 3-6 June 2019). They provide for the establishment of an Assistance Fund for the purpose of assisting developing States Parties in the implementation of the Agreement (the Part 6 Assistance Fund). As specified in the Terms of Reference, voluntary financial contributions to the Part 6 Assistance Fund may be provided through contributions for a specific project(s) and programme(s) supporting the implementation of the Agreement, and contributions to a trust fund(s) administered by FAO and supporting the purposes listed in paragraph 17 of the Terms of Reference.
3. Since 2016 FAO has delivered technical assistance through the Global Capacity Development Programme (GCDP), executed within the framework of Part 6 of the PSMA, to enhance States' performance as flag, port, coastal and market States. Based on comprehensive needs assessment processes with the engagement of relevant national agencies, technical assistance focussed on the review and strengthening of policies, legislation, institutional capacity and arrangements, monitoring, control and surveillance, and enforcement, supplemented by intensive national and international training programmes. In addition, the GCDP has supported and facilitated the participation of officials and experts from eligible countries in technical and statutory meetings of the PSMA and complementary instruments. The programme has been supported by 9 resource partners with commitments totalling USD 34.3 million (a breakdown of contributions by year and commitments by resource partner is produced in Annex I). The beneficiary countries and the type of support provided is summarised in Annex II.
4. To date the Part 6 trust fund has not received any contributions.

¹ To be held in Arabic, English, French and Spanish.
