PREPARATION OF THIS DOCUMENT

This document was prepared by the Food and Agriculture Organization of the United Nations (FAO), which organized the "CFRAMP/FAO/DANIDA Stock Assessment Workshop on the Shrimp and Groundfish Fisheries on the Guiana-Brazil Shelf" through the Project "Training in Fish Stock Assessment and Fishery Research Planning" funded by the Danish International Development Agency (DANIDA) and in collaboration with the CARICOM Fisheries Resource Assessment and Management Program (CFRAMP), funded by the Canadian International Development Agency (CIDA). The work was accomplished under the guidance and with support of FAO/Western Central Atlantic Fishery Commission.

The Workshop was held in Port-of-Spain, Trinidad and Tobago, from 7 to 18 April 1997. An administrative report of the Workshop is available as Denmark Funds-in-Trust, FI:GCP/INT/575/DEN, Report on Activity No. 34, FAO, Rome.

This document includes edited national reports presented at the Workshop and stock assessment papers on shrimp and groundfish resources prepared during and after the Workshop.

The bibliographies appended to the technical papers have not been checked for accuracy, but have been edited to follow the FAO Fisheries Department format.
