

Agrifood Systems Transformation Accelerates Climate Action: Youth leadership for agrifood systems transformation

The Food and Agriculture Organization of the United Nations (FAO) is pleased to announce the World Food Forum (WFF) youth event ***“Agrifood Systems Transformation Accelerates Climate Action: Youth leadership for agrifood systems transformation”***, to be held on the sidelines of the 172nd Session of the FAO Council.

The side event will take place on **Thursday, 27 April 2023, from 12.30 to 14.00 (CEST)**, and is organized in support of the Economic and Social Council (ECOSOC) Youth Forum and will be hosted in **hybrid modality in the Sheik Zayed Centre at FAO headquarters**.

Aligned to the WFF 2023 theme **[“Agrifood systems transformation accelerates climate action”](#)**, the objective of this side event is to shed light on the importance of youth engagement in policy and action, and to highlight the central role that youth play in transforming our agrifood systems with actionable solutions. The event will showcase success stories of youth engagement in UN policy fora over the past year, as well as local, regional, and global actions and initiatives to further drive youth action towards the implementation of the 2030 Agenda and the UN Youth 2030 Strategy.

For online participation and the detailed agenda of the side event, please click [here](#).

Members are kindly invited to participate in the event either in-person or virtually.
