x	3 <sup>rd</sup> paragraph	The European Union is a solid and leading resource partner for FAO. In 2018–2020 <sup>2</sup> , it contributed approximately USD 621 million (EUR 541 million) <sup>3</sup> to more than 250 projects around the world, supporting the Organization in providing policy guidance and technical advice, and in implementing programmes and projects in line with the Paris Agreement on climate action and the globally endorsed Sustainable Development Goals (SDGs). Most of these contributions were directed towards increasing the resilience of livelihoods to threats and crises (49 percent), followed by initiatives to make agriculture, forestry and fisheries more productive and sustainable (26 percent) and to enable inclusive and efficient agricultural and food systems (18 percent). Moreover, the majority of European Union-funded projects supported vulnerable populations in Africa (33 percent), across the world through interregional projects (32 percent) and in Asia and the Pacific (13 percent).	The European Union is a solid and leading resource partner for FAO. In 2018–2020, it contributed approximately USD 635 million (EUR 553 million) <sup>2</sup> to more than 250 projects around the world, supporting the Organization in providing policy guidance and technical advice, and in implementing programmes and projects in line with the Paris Agreement on climate action and the globally endorsed Sustainable Development Goals (SDGs). Most of these contributions were directed towards increasing the resilience of livelihoods to threats and crises (49 percent), followed by initiatives to make agriculture, forestry and fisheries more productive and sustainable (25 percent) and to enable inclusive and efficient agricultural and food systems (18 percent). Moreover, the majority of European Union-funded projects supported vulnerable populations in Africa (32 percent), across the world through interregional projects (32 percent) and in Asia and the Pacific (13 percent).
