

THE MILAN URBAN FOOD POLICY PACT MONITORING FRAMEWORK

Corrigendum

Updated on [april 15, 2021]

The following corrections were made to the PDF after it went to print.

Page	Location	Text in printed PDF	Text in corrected PDF
3	Para 3 under Milan Urban Food Policy Pact Monitoring Framework	The MUFPP today unites 199 cities, illustrating how an ever-increasing number of cities are now working to bring together civil society organizations (CSOs), the private sector and policy makers to deliver broader developmental objectives through food systems.	In 2019, the MUFPP united 199 cities, illustrating how an ever-increasing number of cities are working to bring together civil society organizations (CSOs), the private sector and policy makers to deliver broader developmental objectives through food systems.
3	End of the page	<The six categories are listed with numbers from 1 to 6>	<The six categories are listed with icons>
7	Para following the first list of bullet points	Methodological Guidelines for each indicator are available at http://www.milanurbanfoodpact.org/milan-urban-food-policy-pact-monitoring-framework .	Methodological Guidelines for each indicators can be downloaded from the Indicators matrix (p. 18 ff.), or for all 44 indicators grouped at http://www.fao.org/3/CB4036EN/CB4036EN.pdf
9	Figure 1	<See below Figure 1>	<See below figure 1 (numbers have been corrected, icons have been updated)>
12	At the end of the first list of bullet points		<The following para has been added> An handbook, providing practical guidance for any cities wishing to adopt and implement a monitoring framework tailored to their own context is available at http://www.fao.org/publications/card/en/c/CB4181en/ .
12	Last para	Details of all guidelines are available at: http://www.milanurbanfoodpact.org/milan-urban-food-policy-pact-monitoring-framework	These guidelines can be downloaded, for each indicator, from the Indicators matrix (p. 18 ff.), or for all 44 indicators grouped at http://www.fao.org/3/CB4036EN/CB4036EN.pdf
17	Last para, first sentence	Milan is now in the process of evaluating the Indicators before implementation and the work consists of selecting relevant Indicators for specific contexts, mapping the availability of data and developing a management system to update information.	In 2019, Milan was in the process of evaluating the Indicators before implementation and the work consists of selecting relevant Indicators for specific contexts, mapping the availability of data and developing a management system to update information.
18	Title of column three		<Addition of a footnote:> x The numbering of the recommended actions respects the MUFPP declaration.
18	Column “recommended action”, rows 3 and 4	3. Develop or revise urban food policies and plans 4. Identify, map and evaluate local initiatives	4. Develop or revise urban food policies and plans 3. Identify, map and evaluate local initiatives
19	Footnote	x Based on city feedback, revisions form the FAO and development of the draft methodological guidelines	xi. Based on city feedback, revisions from FAO and RUAF in 2019 and 2021, and development of the methodological guidelines
