the EUFMD

# Upcoming Plans

THRACE Management Meeting  
27/02/2017,  
Sofia, Bulgaria

## Short term / Long Term Plans

1. Workshop on Simulation Exercises (1.1-1.4)
2. Workshops and joint exercise in THRACE (1.3.4.)
3. Passive Surveillance Sensitivity Workshop (1.3.3.)
4. Training for THRACE veterinarians (1.3.4)
5. PPR surveillance / disease freedom (1.3.3.-1.3.4)

# Simulation Exercises workshop

28 February – 3 March 2017, Sofia, Bulgaria

## **Aim**

Teach participants on how to plan, design, conduct and evaluate simulation exercises

## **Covers**

- Concepts
- Methodology
- Practical experience
- Templates

# Cross-border Simulation Exercises

(1.3.4.)

Small **desktop simulation exercise** with objective to challenge the specific part of the contingency plan held in all three countries with the findings of the exercise informing future activities and updates to the contingency plans in all three countries

**Need to agree on date**

**Agree on content and scale**

**Overlap with Balkan SimEx**

# Passive surveillance sensitivity: what do we know?

- Map out the key actors in the system
- Understand actors priorities & attitudes (\*households)
- Common "case-definition"?
- Between/within countries variations?
- ....
