

SURVEY FOR DEEP WATER SHRIMP RESOURCES
IN MOZAMBIQUE

Preliminary Report, Cruise No III

6 November - 15 December 1990

The "DR. FRIDTJOF NANSEN" research programme is sponsored by the Norwegian Agency for Development Assistance NORAD, the Food and Agriculture Organization of the United Nations FAO, and the United Nations Development Programme UNDP. The programme in Mozambique is being conducted and planned under agreements between NORAD, Mozambique authorities, IIP Maputo and the Institute of Marine Research, Bergen, Norway.

The programme will comprise several surveys the timing of which is foreseen as follows:

Survey 1	4 weeks, 20 April to 14 May
" 2	4 " primo August-primo September
" 3	6 " primo November-mid December

This preliminary cruise report describes the work and some of the results of the second survey.
