## **TSETSE AND TRYPANOSOMIASIS INFORMATION QUARTERLY**

The Tsetse and Trypanosomiasis Information Quarterly has been established to disseminate current information on all aspects of tsetse and trypanosomiasis research and control to institutions and individuals involved in the problems of African trypanosomiasis. This service forms an integral part of the Programme Against African Trypanosomiasis (PAAT) and is jointly sponsored by the Food and Agriculture Organization of the United Nations (FAO), the International Atomic Energy Agency (IAEA), the Inter-African Bureau for Animal Resources of the African Union (AU-IBAR), the World Health Organization (WHO), the Research Department for Livestock Production and Veterinary Medicine of the Centre de Coopération Internationale en Recherche Agronomique pour le Développement (CIRAD-EMVT), and the British Government's Department for International Development (DFID).

The quarterly is prepared for publication, in both English and French editions, by the Food and Agriculture Organization of the United Nations. Each annual volume consists of four parts and an index. Subscription is free for all recipients engaged in trypanosomiasis research and control, and requests for enrolment may be sent to: Ms Maria Grazia Solari, AGAH, FAO, Viale delle Terme di Caracalla, 00100 Rome, Italy (fax (+39) 06 57055749; e-mail MariaGrazia.Solari@fao.org).

Since the value of this information service depends to a great extent on the receipt of relevant material from research workers, campaign planners and organizers and field workers themselves, readers are requested to submit news items and copies of scientific papers and reports to the Editor: Dr John N. Pollock, 25 Palmeira Mansions, Church Road, Hove, East Sussex, BN3 2FA, United Kingdom (tel. (+44) 1273 326211; e-mail johnnpollock@hotmail.com).

We regret that we are unable to supply photocopies of the papers quoted in the quarterly.

### **Distribution dates and copy deadlines**

	Copy deadline for news items	Distribution (English and French editions)
<i>Part 1</i>	15 January	April/May
<i>Part 2</i>	15 April	July/August
<i>Part 3</i>	15 July	October/November
<i>Part 4</i>	15 October	January/February

**CONTENTS**

	<i>Page</i>
SUBJECT INDEX	283
AUTHOR INDEX	299

## SUBJECT INDEX

Numbers refer to the abstract and bibliographic reference numbers appearing in the *Tsetse and Trypanosomiasis Information Quarterly*, volume 25 (2002). For organizations, see page 308.
