The Regional Conference is invited to endorse this MYPOW for the period 2016-2019.

I. Background and Overall Objectives of the Regional Conference

1. In the context of the enhanced role of Regional Conferences in the governance process of FAO, a Multi-year Programme of Work (MYPOW) 2012-2015 for the Asia-Pacific Regional Conference (APRC) was discussed at the 31st Session of APRC held in Hanoi, Viet Nam, 12-16 March 2012.¹ This document is presented for consideration by the 33rd APRC.

¹ Conference Resolution 7/2015 refers (C 2015/REP); C 2015/26 Rev.1

2. It is recalled that the Regional Conference reviews the situation in the region regarding matters pertaining to the Organization's mandate, and provides advice and action-oriented recommendations to the FAO Conference on global policy and regulatory matters, and to the FAO Council on matters pertaining to priorities, programmes and budget of the Organization.
3. The Regional Conference provides regional perspectives on FAO's strategies and priorities and formulates concrete recommendations on regional activities, also contributing to enhanced efficiency and effectiveness. It also conducts regional-level assessments, to feed into improved sustainability of agriculture and food security. It exercises oversight of the functions and activities of FAO in the region, in accordance with the Basic Texts of the Organization. It operates efficiently and effectively, collaborating where appropriate with relevant partner organizations.
4. The technical commissions of the region review technical aspects and issues of importance in the areas of Fisheries (APFIC), Forestry (APFC), Agricultural Statistics (APCAS), Plant Protection (APPPC) and Animal Production and Health (APHCA). Their recommendations complement and inform the discussions during the APRC on the Programme of Work, its strategic focus and the Regional Initiatives.
5. The 31st Regional Conference "appreciated the efforts to develop the first MYPOW for framing the work of the Regional Conference and encouraged further refinement and elaboration with respect to its purpose and functions, specific work tasks of the Regional Conference related to the reference period, and inclusion of measurable indicators."²
6. Therefore, a MYPOW 2016–2019 has been developed as follows for consideration by Members:
