Objective of the workshop and its contribution to the COP16

Stefania Giusti
NSL, FAO

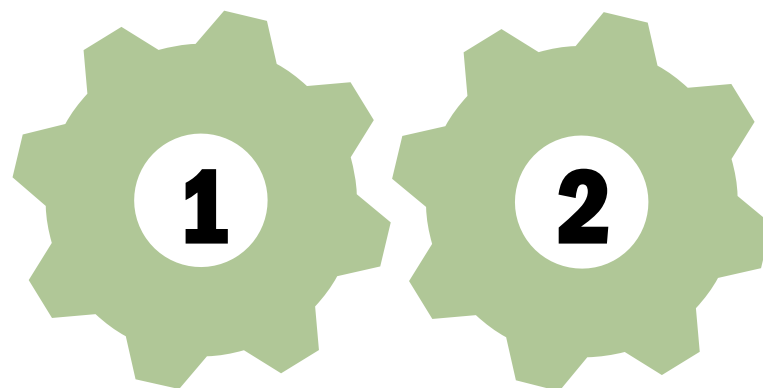

19-21 November 2024
Athens, Greece

BACKGROUND

**Enabling Activities
for Implementing
UNCCD COP
Drought Decisions
(2019-2023)**

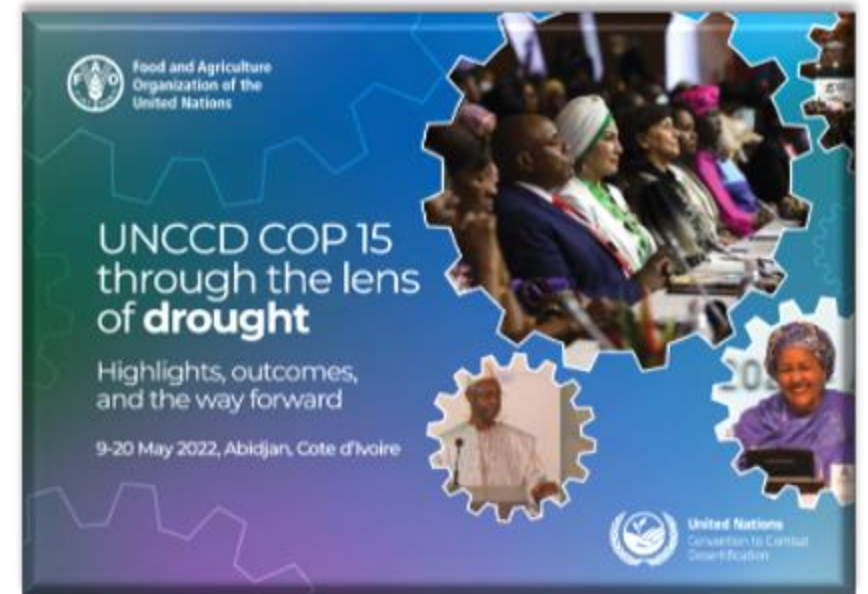

**Enabling Activities for
Implementing
UNCCD COP15
Decisions on Drought
(2024-2026)**

BACKGROUND

Decision 23/COP15 Policy advocacy on drought

BACKGROUND

The project

Enabling activities for implementing UNCCD COP15 decisions on drought

The objective

Support countries to address drought-related challenges through the implementation of national drought plans and relevant policies

COMPONENTS

Enhanced capacities and
knowledge exchange

Effective policies and
partnerships

Enabling environment for
financing for drought-
resilience

Proactive drought
management under
the Convention

COMPONENTS

Effective policies and partnerships

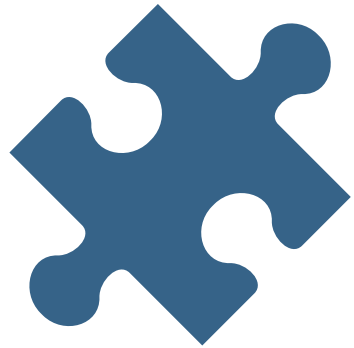

Enhanced capacities and knowledge exchange

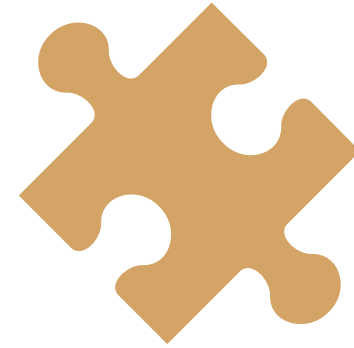

Proactive drought management under the Convention

Enabling environment for financing for drought-resilience

COMPONENTS

Effective policies and partnerships

Proactive drought management under the Convention

Global-level partnership on drought resilience strengthened with increased capacities of Parties and engagement with the IWG in the preparation for negotiation on COP decisions

Development of national monitoring and reporting frameworks supported, including gender-sensitive approaches

National drought plans and policies aligned to sub-national, national and regional development plans

Options for global policy instruments and frameworks linked to national drought plans and policies

THE WORKSHOP OBJECTIVE

EXPECTED OBJECTIVES AND GOALS

to strengthen negotiation skills with knowledge and practices for policy development in the context of global drought challenges

Specific
objective

1

providing participants with the knowledge and practices to effectively negotiate and shape global drought policies, emphasizing the importance of aligning national priorities with international frameworks

Specific
objective

2

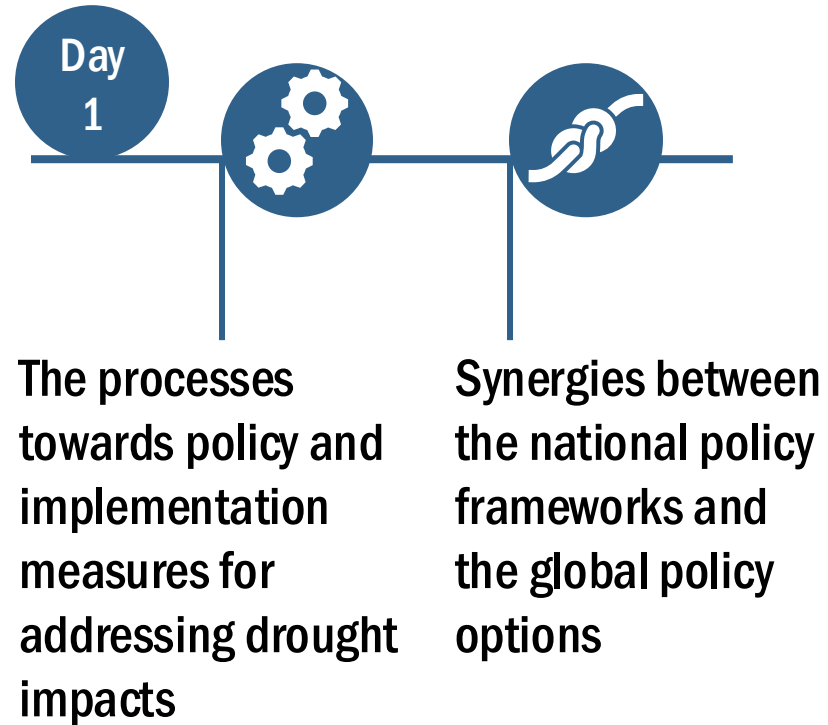

equipping participants with the skills to analyze their national policy landscapes, identify relevant priorities, and find entry points for advancing integrated drought policies

Specific
objective

3

fostering the capacity of participants to understand international policy-making processes, with a focus on ensuring coordinated, multi-sectoral approaches to drought planning and management

AGENDA

LET'S SHAPE OUR
FUTURE TOGETHER!
