

GF-TADs

GLOBAL FRAMEWORK FOR THE
PROGRESSIVE CONTROL OF
TRANSBOUNDARY ANIMAL DISEASES

7th Meeting of the Regional Steering Committee Programme for the Progressive Control of Transboundary Animal Diseases (GF-TADs) for the Americas

Quito, Ecuador, April 15, 2015

RECOMMENDATION

CONSIDERING THAT:

- The objective of the GF-TADs, is helping continental and regional level in the coordination of actions against transboundary animal diseases (TADs).
- The GF-TADs is a coordination mechanism between World International and Regional Organizations which aims to stimulate synergies and approaches for coordination of actions in the fight against TADs, to avoid overlaps, duplication or contradiction in policy and health activities in the region.
- The GF-TADs Global has promoted the development of a Strategic Plan 2012 to 2016, for which each region has developed its own plan according to your priorities and particularities.
- The GF-TADs of the Americas has developed the Strategic Plan 2012 - 2016, taking into account the guidelines of the Global GF-TADs.
- Members of the GF-TADs have evaluated the state of development of the Strategic Plan 2012 - 2016
- Members of the GF-TADs of the Americas scheduled activities to develop during 2015 and 2016
- The GF-TADs has developed a proposal for the "Terms of reference of the GF-TADs Regional Steering Committee for the Americas," which has been discussed in depth during this Meeting.
- The GF TADs of the Americas recognizes that Aquaculture is an important sector and huge development in the region.
- The GF TADs of the Americas recognizes the importance of increased health risks by globalization and particularly for African Swine Fever which is showing rapid dispersion in other continents.
- GF TADs of the Americas has shown concern the increasing number of faculties of Veterinary Science that do not meet minimum conditions for adequate training of veterinarians and also is valuable to establish close links with the Faculty of Veterinary Science and Veterinary Colleges to effects collaborate on priorities GF TADs of the Americas.
