CFS 45 SIDE EVENT

The role of governments, the private sector & consumers in shaping food environments for nutrition.

How to support food environments
to deliver healthy diets?

15 October 2018 | 13:00 - 14:30 | Iraq Room (A235)

This side event will highlight initiatives and actions taken by governments and businesses in low- and middle-income countries to support food environments that promote healthy, nutritious diets. The discussion will focus on what the public and private sectors can do to create the right conditions for change.
