

Food security policies – Formulation and implementation

© Getty images

This course describes food security policies and explains when and why they are required. The course also describes the process of food security policy formulation, implementation, monitoring and evaluation.

3 hours

Available in English, French and Spanish

You will learn about

- Establishing a food security policy framework.
- Institutional framework for food security policies.
- Policy monitoring and evaluation.
- Policy formulation and implementation.

Who is the course for?

The target audience of the e-learning course includes:

- Mid-level managers, technical staff, field personnel who are involved in the collection, management, analysis, and reporting of food security information.
- Planners, policy formulators and programme managers who are involved in monitoring progress in poverty reduction, and meeting food security goals and targets.

Key partners

The course was developed in the context of the “EC/FAO Food Security Information for Action” Programme, funded by the European Union (EU) and implemented by the Food and Agriculture Organization of the United Nations (FAO).

Contributing organization:

- Technical Centre for Agricultural and Rural Cooperation (CTA).
