SCALE OF CONTRIBUTIONS 1994-95

(Extract from the Report of the 103rd Council Session (June 1993))

- Scale of Contributions 1994-95³¹

198. The Council noted that in accordance with the decision of the Eighth Session of the Conference (1955), the FAO Scale of Contributions for the years 1994-95 had been derived directly from the UN Scale of Assessments, in this case the one in force during the year 1993, as established by General Assembly Resolution 46/221A adopted on 20 December 1991, and subsequent amendments.

199. The Council accordingly recommended the following draft Resolution for adoption by the Conference:

DRAFT RESOLUTION FOR THE CONFERENCE

SCALE OF CONTRIBUTIONS 1994-95

THE CONFERENCE,

Having noted the recommendations of the Hundred and Third Session of the Council,

Confirming that as in the past FAO should follow the UN Scale of Assessments subject to adaptation for the different membership of FAO,

1. Decides that the FAO Scale of Contributions for 1994-95 should be derived directly from the UN Scale of Assessments in force during 1993;
2. Adopts for use in 1994 and 1995 the Scale as set out in Appendix G of this report.

200. The Council noted that the Scale of Contributions, as set out in Appendix G, was provisional and would be finalized at the time of the forthcoming session of the Conference.
