

C 2025/8 Annex 6: Value-Added Impact Areas

The Value-Added Impact Areas are areas of work highlighted for increased attention and investment, to facilitate interlinkages between PPAs and catalyze results and impact in contribution to the Four Betters. They represent innovative or otherwise particularly critical work areas that nest within a single PPA or cut across multiple PPAs (and betters).

Better Production

- One Country One Priority Product (OCOP)
- BLUEWaves Spearheading Blue Transformation
- Farmers as Agricultural Innovators for Resilient AgroEcosystems (FAIRE)

Better Nutrition

- Making Healthy Diets affordable to all
- The FAO Data for Healthy Diets Expansion Project
- Building back better by reducing food loss and waste

Better Environment

- Addressing Water Scarcity for Agriculture and Environment (AWSAME)
- Climate action for Resilient Agriculture Transformation (CARAT)
- Restoring Environment for Productive Agriculture, Investment and Resilience (REPAIR)

Better Life

- Hand in Hand Initiative (HIH)
- Resilient and Inclusive Rural Transformation (RIRT)
- Food Crisis Countries
