

Livelihoods assessment and analysis

© FAO/Giuseppe Bizzarri

2 ZERO HUNGER

This course introduces the concept of livelihoods and components of the livelihoods framework. It presents the existing livelihoods approaches and methods. The course also provides guidance on assessing livelihoods in different food security contexts and selecting and interpreting livelihoods indicators.

 2 hours

 Available in English, French and Spanish

You will learn about

- Concept of livelihoods.
- Components of the livelihoods framework.
- Livelihoods assessment approaches.
- Key indicators for each aspect of the livelihood framework.
- Selecting and interpreting livelihoods indicators.

Who is the course for?

The target audience of this course includes: mid-level managers, technical staff, field personnel who are involved in the collection, management, analysis, and reporting of food security information, as well as, planners, policy formulators and programme managers who are involved in monitoring progress in poverty reduction, and meeting food security goals and targets.

Key partners

The course was developed in the context of the EC/FAO “Food Security Information for Action” Programme, funded by the European Union (EU) and implemented by the Food and Agriculture Organization of the United Nations (FAO).
