Responsible governance of tenure

Course: **Responsible governance of tenure** **A technical guide for investors**

This course provides guidance on how to apply the principles of the “Voluntary Guidelines on the Responsible Governance of Tenure of Land, Fisheries and Forest in the Context of National Food Security” in order to carry out socially responsible and financially sustainable investments in agricultural land.

1.20 hours

Available in English

You will learn about

- The principles of responsible land based investments
- The process to carry out a responsible investment
- The risk factors to be considered before proceeding in the investment process
- Measures that can be adopted to mitigate investment risks related to land based assets
