

FARM VISITORS BE AWARE TROPICAL RACE 4 (TR4) IS A SERIOUS PEST

DON'T

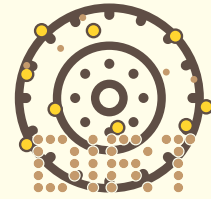

**BRING
IN SOIL**

YOU COULD BE CARRYING IT
in the dirt of your shoes!

IT ONLY TAKES ONE SPECK
of dirt to move the pest!

DON'T

**CARRY
OUT SOIL**

**IT'S A SOIL-BORNE FUNGUS THAT THREATENS THE FUTURE OF
WORLDWIDE BANANA AND PLANTAIN PRODUCTION**

VISITING A BANANA OR PLANTAIN-PRODUCING FARM?

follow basic biosecurity rules

if they are not in place,
follow them in any case
and tell the farmer why

follow farm rules

- on which roads can you drive?
- does the farm provide boots?
- if not, bring your own!
- where should your vehicle be parked?

call the grower
before you arrive
and ask if TR4
is present
on the farm

tell the grower
what you plan to do
at the farm and never
enter restricted areas

DON'T BRING IN SOIL

only take necessary
vehicles, clothing and tools,
and have your footwear
checked by farm owners

DON'T CARRY OUT SOIL

vehicles, equipment, and
footwear must
be cleaned of soil
and plant
material
